You will only be tested on the material covered in class. For example, I will not ask you a test question that expects you to remember a topic or application from the text not covered in class. Instead, the text should be used to help you understand the lectures. No make-up examination will be given except for compelling reason by special arrangement in advance. Absent from Final examination without prior information results in F grade. quizzes will be administered at the beginning of the class. No make-up quiz will be administrated under any circumstances. c. Any kind of cheating will result in cancellation of the exam. d. when it comes to your grades, I do not do things such as an extra assignment or take another exam to improve your grades.
